

District III

Onigum L.I.C.

12-11-12

Meeting called to order by Chairman Thompson at 6:45 pm

Roll call Victor, Sam, Fay, Lillian

---

Guest Tallie Large- D.R.M.

Old Business- Budget down to 400.00. We need our concession stand money. This money is used to help out families for wakes and funerals in the Onigum Area.

Election- we have to re-do the L.I.C. election because it was contested. Have to have this presented at a RTC mtg. Have to wait to hear about the date which it will be presented. Letters of intent to be on the list for committee need to be turned into the R.T.C.

Vic- we should find out about all community members who are enrolled in other reservations and request their reservation for donations sine they are being serviced in the Onigum community. A yearly donation of 100-150 per person was a request.

We need to ask the RTC about a playground for the Breezy Point Housing area. The ground was apparently broken 7-10 years ago. Residents are asking for what should have been in place a few years ago.

Tally Large- presents Invasive Species (plant department) we now have invasive worms disrupting maple trees.

---

New Business- need a center for the chairman, sometimes the door is locked and the maintenance man is not around to open it ex, Mtgs, funerals.

Complaints about the Day Labor Supervisor Cheryl Staples have been brought to the attention of two council members. She has taken the day labor workers to clean her house (about 4 times)is late frequently, makes the workers make up time when she is late 1 member from another community gets to work in Onigum at least 2 days out of the week. Aren't the workers supposed to e from Onigum area?

The community center always has no cleaning supplies and very few garbage bags. Where are the supplies going when Guy Cloud says that they are picked up regularly?

Sam Reese makes a motion to adjourn

Second by Lillian Reese 8:45
